

## Higher Education Emergency Relief Funds II Disbursement Plan

Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA) Block Grant formula: The State University of New York (SUNY) has required SUNY campuses to prioritize students with the lowest Expected Family Contribution (EFC), as determined by FAFSA, and has created a template which campuses must use to calculate the HEERF II Student Aid Block Grants. This methodology was developed to provide Block Grants to students with exceptional need. Based on this awarding methodology, students will receive a Block Grant that consists of two components: (1) a Base Grant dependent on the student's full-time or part-time status and (2) a standard supplemental amount based on the student's primary EFC. The EFC range will include EFCs between 0 and 5,711. Funding will be distributed in the Spring 2021 semester. The students also needed to meet the following criteria:

**Pell:**

- Had an EFC in the range from 0-5711 from their FAFSA
- Have satisfied their CITZN or PERMCD
  - If this is not completed they were excluded
- Completed Verification
  - If they did not complete verification, they were excluded
- Could not be making SAP and be eligible as it is based on EFC
- Award amounts were based on EFC and enrollment.
- Estimated to award 1300 students
