

**HUMAN SERVICES  
CHEMICAL DEPENDENCY COUNSELING (CDC)  
(HEGIS 5506)  
(Applied Academic Certificate)**

This program is designed to provide individuals with the skills and competencies necessary for employment as paraprofessionals in the field of chemical dependency counseling. Specifically, the program will provide instruction enabling those completing the program to function in rehabilitation or therapeutic communities, or in correctional or mental health facilities.

In addition, the curriculum provides continuing education for those currently employed in the field of chemical dependency counseling or related fields, such as law enforcement, corrections, or in mental health.

All courses with the exception of BHS 242 count toward the A.A.S. degree in Mental Health Assistant.

**A Certificate is awarded upon completion of the requirements for this program.**

Courses should be selected in consultation with an advisor.

**HUMAN SERVICES  
CHILD CARE: DIRECT CARE (DRC)  
(HEGIS 5503)  
(Applied Academic Certificate)**

This program is designed primarily for individuals currently employed in human services agencies who have little or no formal education in human services, or for individuals with no human services experience, who wish to enter this field. The program enables those individuals to acquire the theoretical background, basic techniques, and skills needed to function as significant members of the treatment team at their worksites. All of the credit hours earned in the Direct Care certificate Program are applicable to the Child Care Associate Degree Program.

**A Certificate is awarded upon completion of the required courses.**

Courses should be selected in consultation with an advisor.
