

**MEDICAL AND ALLIED HEALTH TECHNOLOGIES
PHLEBOTOMIST (PDC)
(HEGIS 5205)
(Applied Academic Certificate)**

This program prepares students for a career as a Phlebotomist/Data Clerk. Phlebotomist/data clerks work either in a medical laboratory or a physician's office. Their primary responsibilities are to draw blood specimens for the purpose of analysis and to enter and retrieve data from the computer. Phlebotomists also prepare and maintain equipment for obtaining blood specimens, insure proper care for specimens and enter test procedures into the computer for specimen analysis. An internship provides students with supervised workplace experience.

Manual dexterity is essential in this program.

Graduates of this program are eligible for national board examinations. Graduates may also receive advanced standing in the Medical Laboratory Technology A.A.S. degree program.

A Certificate is awarded upon completion of the requirements for this program.
