Dear Student,

Your college years will present you with important opportunities and significant choices. Along with the many exciting future-building opportunities that will present themselves, you may also find yourself facing choices that can impede your success. For this reason, we have a three-part on-line program to help you make decisions to lead to success. The issues addressed in these programs are not more prevalent at DCC than at any other college, but we chose to educate our students to ensure that all students have a positive and successful experience.

All together, these programs should take a total of 2 hours to complete and can be done at one time, or spread out across several times. **You are expected to complete each of these programs prior to attending Dutchess Community College.** Go to the sites below to access the programs.

Make sure that when you finish the eCHECKUP TO GO programs that you click “Verify Completion” so that we know that you have completed it. The “Not Anymore” program automatically notifies us of completion. Your responses in these programs are completely confidential and we at the college do not see them. We only receive notification of completion.

Thank you for taking the time to complete this prior to coming to DCC. Taking good care of ourselves and fellow members of our DCC community helps to strengthen and bring vitality to our campus community.

Sincerely,

Carol Stevens, Vice President
Dean of Student Services and Enrollment Management
