Information for Students

To ensure academic success in college, **ALL new students are required to participate in a mandatory placement-testing program.** The majority of new students will take the COMPASS test. COMPASS is a computerized test that assesses skills in writing, reading and mathematics. COMPASS is **un timed,** with most students finishing the full test within **2 -3 hours.** Some students, both new and continuing, may need to take individual tests based on course/curriculum requirements. **Individual tests range from 30 to 75 minutes in length.**

For information about DCC placement testing, sample test questions, and the current testing schedule, visit our website at: [www.sunydutchess.edu/academics/academic_services/placement_testing/](http://www.sunydutchess.edu/academics/academic_services/placement_testing/)

How Are Your Scores Used?

Placement test scores determine whether you will need to enroll in college prep courses (i.e. ENG091, ENG092, REA091/100, CSM094, MAT091, BIO030, etc.) or college level courses (ENG101, MAT110, MAT118, etc.). Advisors use placement testing results, as well as high school transcripts, to assist in the selection of appropriate courses, so it is important that you **take the test seriously.**

**Approach Your Test Seriously. It Determines Your Course Placement!**

**Come to your test healthy and well rested!**

DCC Re-testing Policy

Students may re-test **only if approved** by the Director of Academic Services and Testing or his/her designee or after completing a significant and approved academic intervention. These interventions include, but are not limited to:

- SmartStart
- Reclaim My Math
