

JRP Lab Nursery School  
Frequently Asked Questions

*What is the schedule?*

The Laboratory Nursery School follows the college calendar (September – May). It is a five-day program, from 9:00 a.m – 11:45 a.m.

*What is the philosophy?*

The Lab Nursery School believes that children learn through hands-on exploration, social interaction, and play.

*Why a Lab Nursery School?*

By choosing a Lab Nursery School, you are supporting local college students who are interested in a career in education. This program gives them hands-on experience, under the guidance and supervision of trained Master Teachers, as they learn about child development, Developmentally Appropriate Practice, and the importance of creating nurturing, trusting relationships in the classroom.

*What will my child be learning?*

Children are allowed to explore the classroom freely every day, and make choices based on their own interests. Each day, they will be allowed to choose from various learning centers, including art, blocks, sensory experiences, dramatic play and more. A consistent schedule and routine helps the children feel in control of their environment, and encourages independence and confidence.

*What is the tuition?*

The current tuition is \$2300.00 for the year, from September – May.
